**Note:**

For each class of shares issued by a company, ASIC records the details of the twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

# Credit Score

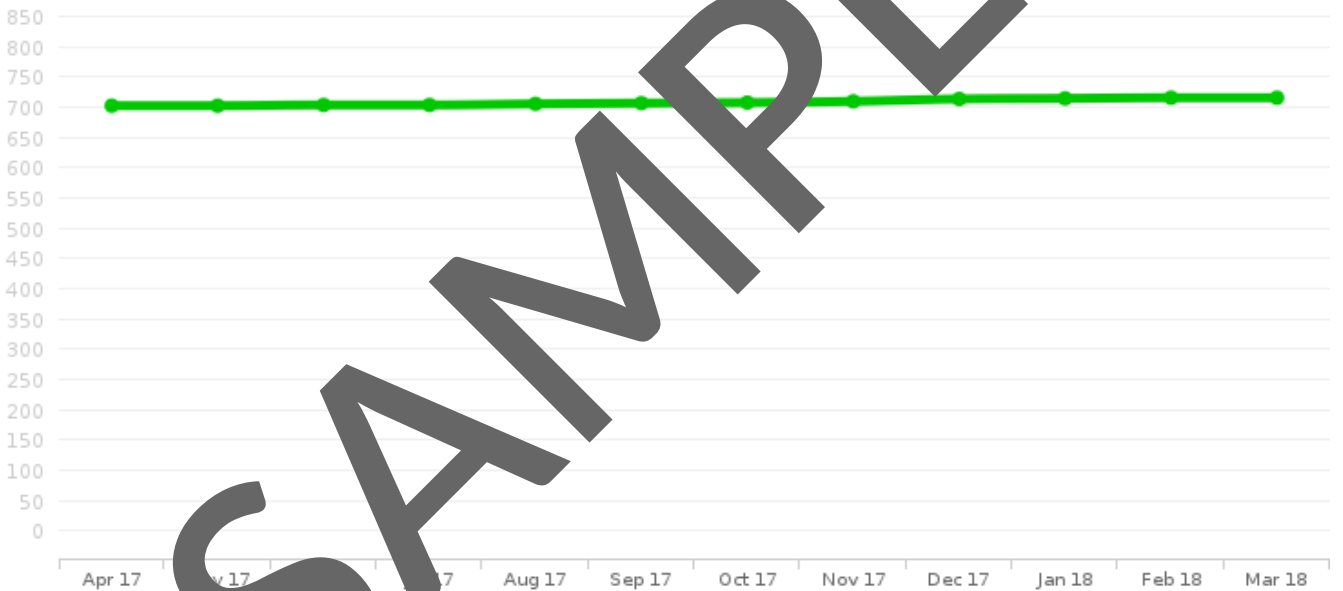

The score is a statistically based score indicating an entity's credit worthiness. The score ultimately ranks entities based on their riskiness and is designed to assist you in making more informed and consistent credit decisions.

The score is based between 0 and 850 index points with a higher score considered lower risk while lower scores are deemed to be riskier entities. It should be used in partnership with your internal credit procedures and policies.

Entity has acceptable creditworthiness. Extend terms within consideration.  
Entity has a 1.20% chance of failure within the next 12 months.
